ABOUT ME

Full-Stack Developer with a Diploma in Computer Engineering and professional experience in IT operations, data management, and web application development. Experienced in React, Next.js, TypeScript, Node.js, PostgreSQL, and modern software development practices, with hands-on experience building scalable web applications and digital solutions. Demonstrated commitment to continuous learning through professional work, independent software projects, and ongoing undergraduate studies. Seeking to build upon practical industry experience through Bachelor's-level studies in Computer Science and Software Engineering.

WORK EXPERIENCE

Self-Employed – Kohalpur, Nepal

Freelance Full-Stack Developer

[05/08/2025 – Current]

Full-Stack Travel Platform & Custom CMS: Engineered a production-ready, decoupled travel portal featuring a custom-built Content Management System (CMS) using the MERN stack and TypeScript. The platform handles dynamic tour package rendering, automated customer booking forms, and real-time content management through a secure dashboard.

- *Backend Repository:* github.com/rajansharma001/bmwCMS_Backend
- *Frontend Repository:* github.com/rajansharma001/bmwCMS_Frontend

Advanced Learning Management System (LMS): Architected and deployed a decoupled, enterprise-grade e-learning platform. Implemented secure RESTful APIs, optimized database schemas, and built role-based access control (RBAC).

- *Backend Repository:* github.com/rajansharma001/advanced_lms_backend
- *Frontend Repository:* github.com/rajansharma001/advanced_lms_frontend

Ambikeshori Travels Portal: Designed, developed, and successfully launched a fully responsive live commercial web infrastructure featuring dynamic booking mechanics and customer data pipelines.

- *Live Production Site:* ambikeshoritravels.com

Best Mid-West (BMW) Tours Platform: Developed a production-ready enterprise travel management portal to handle complex customer reservations, payment logic, and content handling.

- *Live Production Site:* bmwtoursandtravels.com

L&B Devs Consultancy Portal: Engineered a dynamic commercial website for a civil engineering and architectural consultancy using modern UI architectures (Tailwind CSS, shadcn/ui, Framer Motion). Developed responsive service pipelines to showcase engineering solutions, architectural mapping, home designs, and a property trading marketplace.

- *Live Production Site:* landbdevs.com.np

Souq Al Baladi – Doha, Qatar

Data Entry Operator

[07/2023 – 07/2025]

- Managed high-volume data entry for warehouse inventory and daily sales records using advanced Excel macros and automation.
- Maintained and updated digital barcode tracking systems to ensure accurate real-time stock levels.
- Provided technical support and digital tools training to operational staff, improving overall workflow efficiency.

 **Manakamana Trade & Suppliers Pvt. Ltd.** – Kohalpur, Nepal

IT Officer

[07/2022 – 06/2023]

- Maintained computer systems, optimized databases, and developed internal web pages and digital forms to enhance operational efficiency.
- Provided first-line ERP software support, hardware troubleshooting, and system maintenance.
- Ensured data security compliance and trained administrative staff on proper software and network usage.

 **Best Mid-West Tours & Travels Pvt. Ltd.** – Kohalpur, Nepal

Assistant Manager & Cashier

[11/2018 – 01/2021]

- Managed online customer reservation systems and maintained GDPR-compliant digital customer records.
- Handled daily cash management, currency conversions, and secure payment gateway integrations for travel bookings.
- Acted as the primary point of contact for client bookings, ensuring high accuracy in administrative and financial operations.

 **Independent Study** – Kohalpur, Nepal

Language Proficiency & Technical Preparation

[12/2021 – 06/2022]

- Dedicated a 7-month block to intensive English language enhancement, focusing on academic writing, reading comprehension, and professional communication to prepare for international higher education.
- Conducted self-directed technical review of core computer engineering concepts and foundational programming logic to transition smoothly from academic studies to full-time IT employment.

EDUCATION AND TRAINING

Diploma in Computer Engineering

Council for Technical Education and Vocational Training (CTEVT) / Tribhuvan Secondary School [10/2016 – 11/2021]

City: Kohalpur | Country: Nepal | Website: <https://www.ctevt.org.np>

- **Final Grade:** First Division
- **Medium of Instruction:** 100% English
- **Core Coursework:** Structural logic, algorithmic problem-solving, theoretical computer science, practical laboratory projects, database management, and computer systems architecture.

Bachelor of Business Studies (BBS) — Currently Enrolled

Bageshwori Multiple Campus [09/2025 – Current]

City: Kohalpur | Country: Nepal | Website: <http://bmck.edu.np/>

- Currently enrolled and actively attending undergraduate studies.
- Successfully completed first-semester examinations.

SKILLS

Programming & Frameworks

MERN Stack (MongoDB, ExpressJS, ReactJS, NodeJS) / TypeScript / Next.js

UI/UX & Styling

Tailwind CSS / Framer Motion / shadcn/ui

API & Integration

Restful APIs / Google Gemini API Integration

Database & Architecture

Databases (MongoDB MySql PostgresSql) / Database Optimization / Role based access control (RBAC)

Office & Administration

MS Office (MS Word, MS PowerPoint, MS Excel) / ERP Systems / High-volume data entry, Client data collecting, Data warehousing

LANGUAGE SKILLS

Mother tongue(s): Nepalese

Other language(s):

English
